

Dear Valued Patient,

I am writing to you today with a sense of pride and anticipation as we prepare to launch a transformative healthcare initiative. Our aim is to significantly improve our services to you and your loved ones. We acknowledge that accessing efficient healthcare has been a persistent challenge for many families, possibly including yours. However, we now believe we have an opportunity to make a profound difference.

According to data from [Statscan.gc.ca](https://www150.statcan.gc.ca/n1/pub/82-625-x/2019001/article/00001-eng.htm), 4 out of 5 people who experience difficulty accessing healthcare services report a negative impact on their lives. These difficulties not only affect an individual's self-esteem, but also their family and work relationships. In our clinic, we have seen these statistics mirrored, as patients express stress and dissatisfaction due to extended waiting times, multiple visits for separate issues, time off work, and the challenge of scheduling family appointments.

To address these challenges, and to provide a more comprehensive, proactive healthcare service, we are delighted to announce that starting August 1st, 2023, we will be offering a membership-based medical service at Marda Loop Medical Clinic.

The benefits will include:

- Reduced wait times to see your family doctor
- Extended appointment times for more thorough consultations
- Family scheduling options for greater convenience
- Telemedicine services
- Monthly chart monitoring with proactive reminders
- At-home once-a-year blood tests for adults (the primary member)
- Preventative medical counseling
- Collaborative care from our healthcare team
- Sick notes, special authorization forms, and physiotherapy notes
- 20% discount on Vivier skincare
- 10% discount on aesthetic services
- Discounts at Momentum Health Physiotherapy

However, please note the membership does not include:

- 24/7 care. Medical care will be provided during business hours, excluding statutory holidays and personal vacation time.
- Certain forms that are not covered including insurance forms, medical legal forms/letters, CRA forms, and illness forms required by disability insurance.

Please note, advance notice will be given for personal vacation time.

In the event you choose not to join, **I will continue to provide care one day a week for non-members.**

This proactive approach aims to improve your health, save you time, and ultimately enhance your quality of life. The benefits will be felt across your family, leading to better school attendance for children, less time lost from work due to illness, and the peace of mind that comes with swift response times to health concerns.

Pricing

The yearly cost of the program is exclusive of GST, and we offer the following options:

- **Option #1: 2-Parent Family Membership**
 - \$4800.00 / Year
 - Covers 2 adults and their dependent children, including the first 4 years of university
- **Option #2: Single Parent Membership**
 - \$2400.00 / Year
 - Covers 1 adult and their dependent children, including the first 4 years of university
- **Option #3: Individual Adult Membership**
 - \$2200.00 / Year
- **Option #4: Child-Only Membership (without an adult)**
 - \$500.00 / Year
- **Option #5: Couples Membership (for two adults)**
 - \$4000.00 / Year

Payments can be made in one full payment, or quarterly payments with a one-year contract.

Please note that some of the services we provide qualify for the Canada Revenue Agency's Medical Expense Tax Credit. For more information, you can visit the Canada Revenue's website or talk to your accountant. Some expenses can also be claimed under your health spending accounts.

This decision was driven by my commitment to providing you with the level of care you deserve. I have extensively researched the most successful healthcare models around the world, and I am confident that our new program is designed to deliver excellence. I firmly believe that you and your family should not have to sacrifice your time or finances due to inadequate access to healthcare.

Thank you for your trust and support in this new venture. We look forward to continuing our partnership in health with you and your family.

If you are interested, [please sign and fill out this extremely quick form](#), and we will forward a contract to you.

Sincerely,

Dr. TJ
